Tenure Track Faculty Positions at the Department of Geosciences, National Taiwan University

The Department of Geosciences at the National Taiwan University (NTU) is seeking active and dedicated individuals to fill multiple faculty positions at any rank (assistant, associate, or full) with an expected start date of August 1st, 2027. The department welcomes candidates from all fields of geosciences. However, applicants with a strong background in the following areas will receive more favorable consideration: (1) Planetary sciences; (2) Sedimentology and stratigraphy; (3) Low-temperature geochemistry; (4) Hydrogeology; (5) Exploration of geological resources and carbon sequestration; (6) Geological modeling and related data science.

NTU is widely considered to be the most comprehensive and prestigious research university in Taiwan, constantly ranking among the top 100 universities globally (ranked 54th in the QS World University Rankings 2027). The main campus is located in downtown Taipei City, which was ranked 14th in the QS Best Student Cities 2027. The Department of Geosciences offers a dynamic and supportive working environment with a wide range of faculties, research fields and state-of-the-art research facilities. Start-up funding is available for new faculty members to facilitate their research endeavors from various resources. Outstanding candidates are encouraged to apply for special programs of the National Science and Technology Council and Ministry of Education with extra stipend and grants.

Applicants are required to send the following documents: CV, list of publications, statements of teaching and research interests, names and contact information of three referees, and three to five articles published within the recent seven years (one of which need to be designated as representative paper and must be published after August 1st, 2022). Application materials should be sent by email to the Faculty Searching Committee, at geology@ntu.edu.tw.

Deadline for application: **January 9th, 2027**. For more information, please refer to the website: http://web.gl.ntu.edu.tw/
